Modest number of housing units received the 5th out of 6 approvals; in Givat Zeev- 380 apartments, in Bruchin – 500 apartments, in Kochav Yaakov – 20 apartments, in El Matan – 40 apartments (Background; in Judea and Samaria to date, there is an absurd situation where each housing unit needs to receive approval of the political echelon 6 times at 6 different stages in order to receive a simple building permit)

Bogey Yaalon, Uri Ariel, Naftali Bennet, Yariv Levin, Zev Elkin, Ayelet Shaked, Moti Yogev, Orit Struck

Tenders for 1400 housing units in Judea and Samaria in January: Karnei Shomron – 86 units, Emanuel – 102, Efrat – 227, Alfei Menashe 78, Ariel 40, Adam 75, Beitar Ilit 24, Elkana 169. In Jerusalem – 600 units in the Ramat Shlomo neighborhood. This is with regard to the first stage only out of 6 stages in the frustrating saga which every house in Jerusalem, Judea and Samaria must go through

Uri Ariel, Naftali Bennet, Yariv Levin, Zev Elkin, Ayelet Shaked, Orit Struck

Tenders for 1500 units to be built in Jerusalem and settlement blocs in June represent only 10% of Judea and Samaria: Efrat 223, Beitar Ilit 484, Adam 38, Ariel 76, Alfei Menashe 78, Givat Zeev 155, Ramat Shlomo neighborhood in Jerusalem 400 (need continued monitoring since the continuing dangerous freeze threatens 90% of Judea and Samaria)

Judea and Samaria: Continued Fight to Apply the Levi Report Findings

The Minister of Defense temporarily rejected the official decision that directed him to destroy the olive oil factory (Meshek Achiya <http://www.m-achiya.co.il/>) according to “order of disturbing use” (this is in preference of the minister to the Levi report which recommended the opposite, ie to cancel the draconian order. National laws

Committee of ministers for legislative affairs approved proposal of law according to which donations from foreign countries would be limited and a 45% tax would be placed on organizations that put IDF soldiers on trial in international courts, or boycott or sanctions against Israel and its citizens

Robert Ilatov, Ayelet Shaked

Law that establishes Jewish refugees from Arab countries was passed. The law guarantees that Israeli citizens learn in school and public functions that the number of Jews forced to leave behind their property in Arab countries was twice the number of Palestinian emigres who left in 1948 to allow their leaders to attach Israel. This topic will also be raised through diplomatic lines according to the new law

Dr .Shimon Ohayon

Basic law for referendum passed the second and third reading. Purpose of the law: the third and final security measure if the government and Knesset fail and decide to give up parts of the Land of Israel. The law does not remove responsibility from the government ministers, but rather establishes that they are the first to bear the responsibility, after them, the Knesset and then the public.

Thus, a minister that betrays Israel with the excuse that there was a referendum, is like a fighter who abandons the front saying that the children and elderly in the home front will protect the state instead

Yariv Levin ,Ayelet Shaked .Orit Struck

Enforcement of national law: the deal to sell Tnuva to the Chinese will be reviewed. According to the revision to the Israel land administration law from 2011, transfer of assets to foreign parties requires approval from the Israel Land Administration Council in consultation with the Foreign and Security Ministers

Ministers from the Left tried to block the Jewish organizations that settle the Galil and Negev by legislation. Ministers on the right blocked the process in the Ministerial Committee for Legislative Affairs
